# PAPER AND PACKAGING INDUSTRY

## STREAMLINING YOUR PAPER AND PACKAGING LOGISTICS

The paper and packaging industry is a critical input to manufacturing supply chains, requiring timely, dependable delivery of packaging to complete processes and package finished goods for deliveries. Customers of paper and packaging companies require high levels of on-time delivery & flexibility to respond to last minute requests.

Skylink network creates unique solutions for the paper & packaging industry as it is one of World's fast-growing sectors. This sector involves various types of transportation and storage of paper and packaging.

Skylink network have experienced staff and suitable equipment to meet these challenges; have supported major paper and packaging companies, & along the way, has helped them transform their supply chain to meet the new demands of the marketplace as we know that paper and packaging are sensitive products that require careful handling.
